

# FLU VACCINATION SERVICES

WE'VE GOT YOU COVERED

## NURSE CLINIC

Building on our experience of 9 consecutive flu seasons, Apotex offers a successful clinic model delivered by an experienced healthcare practitioner which allows you to offer flu vaccination services to your customers with minimal fuss.

- **Vaccination rate of 24 customers/hour**
- **Vaccinate children 5 years and over**
- Part day or full day clinics to suit your needs
- Weekend and evening clinics available\*
- Dedicated Apotex Clinic Coordinator to organise your nurse, marketing and clinic materials
- Our unique electronic Patient Management System to manage appointments, consent and vaccination records
- Appointment reminders via email and SMS
- Marketing and promotion package
- Online staff training

\*subject to nurse availability

Is your pharmacist  
accredited to deliver flu  
vaccinations?

Kick off your flu season services using our nurses to deliver dedicated clinic days with a high vaccination rate.

Maintain this service throughout the season using your accredited pharmacist, whilst still getting access to APO-Wellness benefits.

To find out how our **Flu Vaccination Services** program has evolved to best suit the needs of your business and your customers, contact your Apotex Territory Manager today.
